**TOP TIPS**

- Plan your day - once you leave a tent you're not guaranteed re-entry.
- You've got a better chance of getting in if you queue at the side entrances - not the main one.
- Around 3pm, people switch tents - your best chance of securing a spot.
- Oktoberfest costumes are a must!
- Single ladies, tie your apron bow on the left :)
- The party continues in the bars and clubs.
- All tents are not born equal - each tent has it's own atmosphere.
